

# CS 2213 Advanced Programming - Spring 2001

## Programming Assignment 0

Name \_\_\_\_\_

Consecutively number the pages and fill in the index giving the page numbers for each part.  
Put a check mark in the space provided for each part if you think that part was done correctly.

---

Part	arithmetic.c	driver.c	lint output	test output	correct?
Part 1	_____	_____	_____	_____	_____
Part 2	_____	_____	_____	_____	_____
Part 3	_____	_____	_____	_____	_____
Part 4	_____	_____	_____	_____	_____

Page number containing the output from my test routines (Part 5): \_\_\_\_\_

If you think your program is working perfectly, check here: \_\_\_\_\_

Otherwise, give a brief description of what is working and what is not below:

**Note: this is very important.**
