

CS 3733 Operating Systems — Spring 2007 Assignment 5

Name _____

Consecutively number the pages and fill in the table of contents below. Put a check mark in the box if you think the part was done correctly.

Print out your source code and attach the cover sheet before coming to class on April 30. Do not hand in the assignment until you are instructed to do so. Instructions for demonstrating the program will be described in class on the due date. Be prepared to run your server in class.

Description	source page	check if correct
Part 2 C version	_____	<input type="checkbox"/>
Part 2 Java version	_____	<input type="checkbox"/>
Part 3 C version	_____	<input type="checkbox"/>
Part 3 Java version	_____	<input type="checkbox"/>

You are required to do either the C or the Java version.

Do not attempt a second version until the first is working properly.

If you think everything you did is correct, check here:

Otherwise, give a brief description of what is working and what progress was made on the part that is not working:
